

1987 Cougar XR-7 Striping

INSTRUCTIONS

This is a positive color representation of 1987 Mercury Cougar XR-7 striping. Print this page at 100% sizing, US letter, portrait mode.

Then cut the diagram at right along the box outline and place it directly underneath and perpendicular to the molding.

You may then use it as a guide for striping. Use the same technique for ALL molding, even the bumper covers. Please read the notes next to the arrows for correct color orientation!

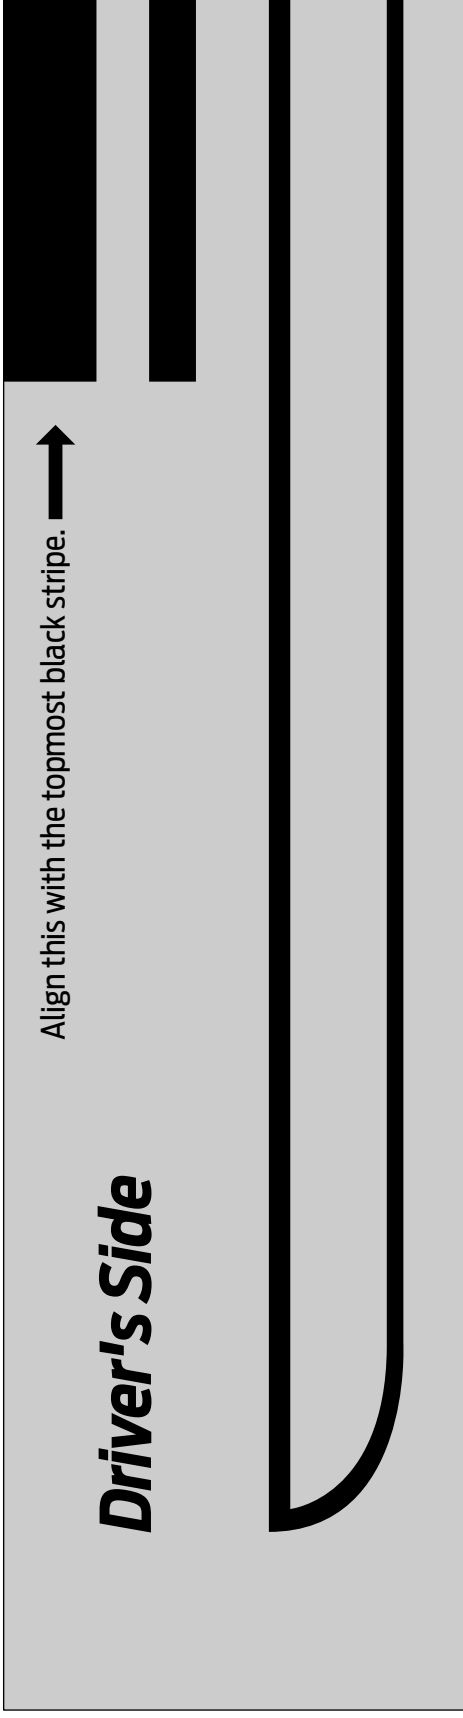

Special thanks to Niki for the dimensions.
